How to Display the Command Line Search box in Connexion Browser

Last updated: Fri, 07 Oct 2022 13:51:12 GMT

Applies to

- Connexion browser

Answer

The Quick Search box is hidden by default. Once you display it Quick Search remains visible on all WorldCat results screens and WorldCat record views, until you hide again.

Google Chrome/Microsoft Edge

1. Sign in to Connexion browser
2. On your keyboard press: <Alt><Q>

Firefox

1. Sign in to Connexion browser using Google Chrome or Microsoft Edge
2. On your keyboard press: <Alt><Q>
3. Sign in to Connexion browser in Firefox. Connexion retains your Quick Search setting between sessions; the setting is associated with your authorization number.
