Applies to

• ILLiad

Answer

Here is what is required for items to show up in the Copyright tab and how you can verify it:

1. The institution has borrowed five or more articles (with publication dates less than five years old) within the same calendar year.
2. Only photo journals with more than five articles borrowed during a single calendar year will appear in this list.
3. The list of photo journals can be validated by going to the Borrowing web reports and searching the Web Report: Most Requested Journals for all titles with five or more requests within the calendar year.

Additional information

If the list of titles from the Web Report does not match the list in the ILLiad Client Copyright tab, contact support@oclc.org.
