Is it possible to substitute a new set of icons instead of the set automatically generated by the search box generator?

Last updated: Mon, 18 Jul 2022 14:23:03 GMT

Applies to

- WorldCat Discovery

Answer

There is no option to substitute the default icons in the WorldCat Discovery Search Box Generator in Service Configuration. If you'd like to change the icons, we recommend contacting your website developers, who may be able to add custom icons by editing the code generated by the Search Box Generator.
