ILL Button in WorldCat.org going to the incorrect ILL form

Symptom

- When you click on the View Access Options link in a title page in WorldCat.org, the link goes to an OpenURL resolver or ILL form you don't want to use.

Applies to

- WorldCat.org

Resolution

The ILL form used by this link is set up in Service Configuration. First, make sure that the resolver or form you want to use is set up in the OpenURL Resolver tab. Once it is added there, you will be able to select it under the WorldCat Discovery and WorldCat Local > Place Hold/Request Buttons > Resource Sharing (Any Level) > Type of Button Configuration setting.

Additional information

There is more on the Resource Sharing settings.
