Can I suppress links from MARC 856 fields in FirstSearch?

Last updated: Fri, 28 Oct 2022 15:00:21 GMT

Applies to

- FirstSearch

Answer

No, it is not possible to suppress the display of these links in FirstSearch. The detailed record in FirstSearch will display all of the 856 links. This functionality, however, is available in WorldCat Discovery. Please see the article linked below for more information on link display in Discovery.
