• Frequently asked questions

Frequently asked questions (FAQ) about the WorldCat Registry.

- Can I maintain profiles for more than one institution?
- Can more than one person maintain an institution's profile?
- Can the Registry help set up deep catalog links for my library?
- Does my institution have to be an OCLC member to use the WorldCat Registry?
- How do I update my library's catalog links?
- How do we add our institution to the WorldCat Registry?
- How much does it cost to participate in the WorldCat Registry?
- I'm an OCLC member library. Is my library already represented?
- I've discovered duplicate Registry profiles for my institution. What should I do?
- I am an OCLC member library. When will Registry updates to my deep catalog links start working in WorldCat.org?
- Some information in my institution's existing WorldCat Registry profile is not correct. How can I let OCLC know of records that require corrections?
- What are "deep links"?
- What constitutes an "institution," for purposes of the WorldCat Registry?
- What if our institution does not want to be included in the Registry?
- What information about my institution may be included in the WorldCat Registry?
- What is the WorldCat Registry and why should I use it?
- What user name and password can be used to sign in to the WorldCat Registry?
- Who can change or add information to my institution's profile?
- Why should libraries maintain catalog deep links in the Registry?
- Why would I need to authorize my account and how do I do it?

• Configure deep links

Find materials on how to use the settings in OCLC Service Configuration > WorldCat Registry > Online Catalog. Expose deep links to your Web-accessible catalog so your patrons arrive directly at an item record.

- Configure links to your online catalog
- Deeplinken van WorldCat.org naar uw OPAC (Nederlands)
