The WorldCat registry is a Web-based directory for libraries and library consortia. Find information about the WorldCat registry and how to configure settings in the WorldCat registry module of OCLC Service Configuration.

**About the WorldCat registry**

Find information about the WorldCat registry including data sources and policies.

- About the WorldCat registry
- Data sources
- Terms and conditions

**OCLC Service Configuration - WorldCat registry**

Find help to configure settings in the WorldCat registry module of OCLC Service Configuration.

- Search
- Create a New Institution
- Profile Summary
- Name and Location
- Map
- Open Hours
- Relationships
- Contacts
- Identifiers
- Online Catalog
- Virtual Reference
- Currency and Locale
- Authorized Users
- Profile History

**Configure deep links**

Find materials on how to use the settings in OCLC Service Configuration > WorldCat Registry > Online Catalog. Expose deep links to your Web-accessible catalog so your patrons arrive directly at an item record.
