  Frequently asked questions (FAQ) about the WorldCat registry.

  - Can I maintain profiles for more than one institution?
  - Can more than one person maintain an institution's profile?
  - Can the registry help set up deep catalog links for my library?
  - Does my institution have to be an OCLC member to use the WorldCat registry?
  - How do I update my library's catalog links?
  - How do we add our institution to the WorldCat registry?
  - How much does it cost to participate in the WorldCat registry?
  - I'm an OCLC member library. Is my library already represented?
  - I am an OCLC member library. When will registry updates to my deep catalog links start working in WorldCat.org?
  - I've discovered duplicate registry profiles for my institution. What should I do?
  - Some information in my institution's existing WorldCat registry profile is not correct. How can I let OCLC know of records that require corrections?
  - What are "deep links"?
  - What constitutes an "institution," for purposes of the WorldCat registry?
  - What if our institution does not want to be included in the registry?
  - What information about my institution may be included in the WorldCat registry?
  - What is the WorldCat registry and why should I use it?
  - What user name and password can be used to sign in to the WorldCat registry?
  - Who can change or add information to my institution's profile?
  - Why should libraries maintain catalog deep links in the registry?
  - Why would I need to authorize my account and how do I do it?
