How do we add our institution to the WorldCat registry?

1. Either create a new user account, or use an existing account from one of the following OCLC services:
   ◦ OCLC Online Service Center
   ◦ WorldCat.org
   ◦ WorldCat registry
   ◦ OCLC Developer Network
2. Sign in to OCLC Service Configuration.
3. Search for your institution.
4. If not found, create a new institution.
5. Start entering your information.

To add information to an existing institution, learn how to obtain authorization to manage your institution's data. See Why would I need to authorize my account and how do I do it? for more information.
