FirstSearch

Last updated: Mon, 08 Oct 2018 15:51:00 GMT

About FirstSearch

Uniquely valued by member libraries, FirstSearch will continue to be offered as a separate service from WorldCat Discovery. A FirstSearch/WorldCat Discovery subscription provides access to the FirstSearch and WorldCat Discovery interfaces.

For more information about the future of FirstSearch and WorldCat Discovery, see [Frequently Asked Questions, Next steps for WorldCat Discovery and FirstSearch](https://help.oclc.org/Discovery_and_Reference/FirstSearch).

Additional details about plans for FirstSearch will be shared as they are confirmed. To receive ongoing updates about FirstSearch enhancements, [register for Discovery and Reference email updates](https://help.oclc.org/Discovery_and_Reference/FirstSearch).

Access the new FirstSearch Community Center

We're excited to announce a new FirstSearch Community Center, an online environment that provides an opportunity for FirstSearch users to connect through discussion boards, collaborate by sharing ideas and resources, and receive news directly from the FirstSearch product team.

You can access the Community Center at https://www.oclc.org/community/firstsearch.en.html.

Use your existing credentials for other OCLC Community Centers—such as WorldCat Discovery or WorldShare Interlibrary Loan—to access the new FirstSearch Community Center. If you do not have credentials, you can request them by submitting this form. Within 5-7 business days, you will receive an email with instructions for how to update your OCLC Services account password and log in to the FirstSearch Community Center. Please contact OCLC Support for your region with questions about your credentials.

• Get started
