How do I create a data sync collection?

Last updated: Fri, 07 Aug 2020 12:28:08 GMT

1. Navigate to the WorldShare interface > Metadata tab > Collection Manager.
2. Click Create a Collection.
3. Select Data Sync Collection from the Collection Type drop-down list.
4. Select a collection type from the Data Sync Type drop-down list.

For more information, see the Create a data sync collection area of the website.
