with OCLC’s latest version of this stanza. Note: Hosted EZproxy customers in the Americas using self-service may reference the Include File by adding the following line to config.txt:

```plaintext
_include databases/gale.txt
```

**Receiving "logged out" message when trying to access content**

If you use EZproxy Proxy by Port and you receive a message about being logged out when you try to access content, please contact Cengage technical support and let them know that you are using EZproxy. They will then adjust a setting on your account to correct this issue.
