In order to provide access to resources that use https, your EZproxy server must be configured with an SSL certificate.

Listed below are the stanzas that will allow access to Alexander Street Press' new and old interfaces. For a list of databases available on the new interface, please visit http://www.alexanderstreet.com/page/searchalexanderstreetcom-interface-faq. If you subscribe to databases listed on this page, use the first stanza. If you subscribe to collections that are not listed on this page, use the older stanza. If you subscribe to databases on both on and off the list, include both stanzas. If you have questions about these interfaces, contact the Alexander Street Press Account Management team at support@alexanderstreet.com
