In order to provide access to resources that use https, your EZproxy server must be configured with an SSL certificate.
In order to access a specific journal, for example, Endoscopy, please ensure that you construct your starting point URLs with your unique link as follows:

Note: The Thieme E-Journals stanza will allow you to access Thieme Clinical Collections and Thieme Chemistry E-Books.

A Hosted EZproxy Include File is available for this resource. Hosted EZproxy customers will receive automatic updates with OCLC’s latest version of this stanza. Note: Hosted EZproxy customers in the Americas using self-service may reference the Include File by adding the following line to config.txt:

```ini
IncludeFile databases/thiemeconnect.txt
```
