**Examples**

- Enter years of publication.
- To exclude a year or years, use **not yr** — **su=september 11 terrorist attacks not yr:1994**
- Enter single year or range of years or specify as shown in the following examples:
  - Single year: **ti=huckleberry finn and yr:1994**
  - Decade: **ti=huckleberry finn and yr:199?**
  - Century: **ti=huckleberry finn and yr:19??**
  - Single year and all later years: **ti=huckleberry finn and yr:1999-**
  - Single year and all earlier years: **ti=huckleberry finn and yr:-1960**
  - Range of years:
    - **Note:** FirstSearch requires that each year is four digits long.
    - **ti=huckleberry finn and yr:1980-3**
    - **ti=to the lighthouse and yr:1899-940**
  - If the year has fewer than four numbers, add leading zeroes to make the date four digits long — **yr:0099**.
  - For unknown dates (code **u**), substitute zero.
- Enter years of publication.
- To exclude a year or years, use **NOT yr** — **su=september 11 terrorist attacks NOT yr:1994**
