I'm an author, how do I get my book published in WorldCat.org?

Last updated: Thu, 06 Jun 2019 13:10:13 GMT

Applies to

- WorldCat.org
- WorldCat Local
- WorldCat Discovery

Answer

Titles are added to WorldCat based on the cataloging information our member libraries send to us. You can have a cataloger at an OCLC member library catalog your book so that it appears in WorldCat.

Additional information

- You can search for member libraries by going to our institution registry.
